

December 1, 2009 CAMS Meetings

Sobeys South Side was the venue for the Dec 1 meeting. In attendance were Bob K, Bruce D, Mike L, Pat R, Scott M, Bill K and Steve M.

Discussions topics included: guest judges for the 2010 Spring Classic (more to follow), Project Cadet and odds and sods for next year.

The highlight was Steve M's completed interior of his 58 Chev "Limelighter" project. The "Limelighter" is an ongoing example of all of Steve's modelling skills. We have seen the body and paint, now the interior (much of which was scratch built). The anticipation is building to see what will be the next.
