

CAMS 17 Nov 09 Meeting

The 17 Nov 09 CAMS meeting took place at the home of Scott Millican and Annie Doucet, which also happens to be the location of Elm City Hobbies in Hanwell NB.

In attendance were Bob Kerasiotis, Bruce Doiron, Gordon Barrett, Bill and Matt Daisley, Steve Milberry and Mike Lewis. As usual we received a cordial welcome from Scott.

We had an opportunity to have a look around the shop and see what was new and exciting as well as Scott's private stash of kits.

We also got a sneak peak at one of his projects for the CAMS 2010 show, a 1/35 Tamiya French Armored Carrier.

Steve M showed off one of his current projects - a conversion of the old Johan '60 Plymouth emergency Wagon into another Milberry custom.

Gordon B who is making the transition back to builder after 20 years of collecting needed a bit of help from the boys on how to deconstruct a kit without destroying it, in this case a 78 Trans Am he had built over 20 years ago.

The highlight of the evening was a DVD from Harder & Steenbeck, a German airbrush company. The video showed their whole line of air brush products which featured many innovative products and ideas. In addition to the products, the DVD featured some interesting 'how to' demos. Everyone was definitely impressed with the DVD and some of the products.

All in all it was an enjoyable evening and CAMS would like to thank Scott and Annie for inviting us into their house and feeding us, an added bonus that is always well received by the members!

Our next meeting will be Tuesday, 01 Dec 09 at the Sobeyes on Regent Street. Mark your calendars! Please come and join us if you can, visitors are always welcome. Hope to see you there

And remember to "Share the Hobby!"
