

## CAMS 2019 Show Wrap Up

The CAMS Spring Model Contest and show is over for another year and it may have been one of the smoothest running shows we have ever had, with only a couple of minor issues.

We would like to first thank all the entrants who came from across the Maritimes to participate in our little show. The numbers were down a little due to other priorities for some of our long-time participants, but those were replaced by a number of new visitors, many of them with their kids entering also.

A big shout out to our sponsors, who again this year went above and beyond to ensure everyone had some nice door prizes and medals when it was all over.

We were happy again to help out the Oromocto SPCA with their BBQ fundraiser. Modellers are a hungry bunch and I think we went through everything they brought with them and more. It felt good to support a worthy cause.

The biggest thanks go out to the Members of CAMS and the volunteers who helped during the show:

- ✓ Samantha for helping out with the registrations;
- ✓ Kyle and Vennessa for doing the tabulations;
- ✓ Bill, Gordon, Mike, Brian, Chris, and MacKenzie for a stellar job judging;
- ✓ Allison for flogging tickets all day;
- ✓ George for handling the draws;
- ✓ Jan and Christie for running the Make and Take for the kids;
- ✓ Darren for running the floor and helping out with the presentation of the awards; and
- ✓ Scott for the picture taking.

I think it is safe to say that a good time was had by all and that many will be back next year, along with our missing model friends. As for me, I am proud to be associated with CAMS and the event we put on.

Remember always "Share the Hobby" and we will see you on 30 May 2020.
